FRONTEO Completes Its 2016 Training Program Regarding Advanced Digital Investigation and Analysis Techniques for Law Enforcement

Will Continue to Provide Cyber-Crime Investigation Training to Kanagawa Prefectural Police and Saitama Prefectural Police in 2017

TOKYO, March 31, 2017 (GLOBE NEWSWIRE) -- FRONTEO, Inc. ("FRONTEO") (Nasdaq:FTEO) (TSE:2158), a leading provider of artificial intelligence (AI) based big data analysis services, announced today that it has completed a one-year training program in advanced digital investigation and analysis techniques for the cyber-crime investigation teams of the Kanagawa Prefectural Police Department and the Saitama Prefectural Police Department. FRONTEO will provide a similar one-year training program to both departments starting April 2017.

As cyber-crimes and other related crimes are becoming more complex and sophisticated, it is critical for law enforcement to develop sophisticated investigative and analytic practices to examine digital data. FRONTEO has been providing this training program to the Kanagawa Prefectural Police Department since April 2015 and the Saitama Prefectural Police Department since April 2016.

In this training program, FRONTEO supported the advancement of investigation technology and techniques employed by the Kanagawa Prefectural Police and the Saitama Prefectural Police Department in cyber-crime cases by providing various curricula on the use of AI among other advanced technologies in data analysis. FRONTEO's program not only provides training on the necessary techniques for dealing with existing types of crimes, but also for the right perspective and attitude in preparing for future crimes. In order to further improve the officers' techniques and readiness, a similar training program will be provided starting April 2017 to officers in the Kanagawa Prefectural Police Department (for the third consecutive year) and in the Saitama Prefectural Police Department (for the second consecutive year).

On March 28, 2017, following the completion of the 2016 training program, FRONTEO held a commemorative ceremony for members of the cyber-crime investigation teams who finished the program from both Prefectural Police Departments and awarded them with certificates that designated them as FRONTEO Certified Examiners. The proceedings may be viewed on the FRONTEO blog at <http://www.fronteo.com/blog/2017/20170331150000.html>.

Since its establishment, FRONTEO has been providing products and services to law enforcement agencies as one of Japan's pioneers in digital forensic support. It is one of the few Japanese companies that engage in this business. FRONTEO intends to continue contributing to the development and realization of secure and safe communities through its investigation and analysis technology.

About FRONTEO, Inc.

FRONTEO, Inc. ("FRONTEO") (Nasdaq:FTEO) (TSE:2158) supports the analysis of big data based on behavior informatics by utilizing its technology, "KIBIT". FRONTEO's KIBIT technology is driven by FRONTEO artificial intelligence based on knowledge acquired through its litigation support services. KIBIT incorporates experts' tacit knowledge, including their experiences and intuitions, and utilizes that knowledge for big data analysis. FRONTEO continues to expand its business operations by applying KIBIT to new fields such as healthcare and marketing. FRONTEO was founded in 2003 as a provider of e-discovery and international litigation support services. These services include the preservation, investigation and analysis of evidence materials contained in electronic data, and computer forensic investigation. FRONTEO provides e-discovery and litigation support by making full use of its data analysis platform, "Lit i View", and its Predictive Coding technology adapted to Asian languages. The company name was changed from UBIC, Inc. to FRONTEO, Inc. as of July 1, 2016.

Safe Harbor Statement

This announcement contains forward-looking statements. These forward-looking statements are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. These statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates" and similar statements. Among other things, the amount of data that FRONTEO expects to manage this year and the potential uses for FRONTEO's new service in intellectual property-related litigation, contain forward-looking statements. FRONTEO may also make written

or oral forward-looking statements in its reports filed with, or furnished to, the U.S. Securities and Exchange Commission, in its annual reports to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about FRONTEO's beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: FRONTEO's goals and strategies; FRONTEO's expansion plans; the expected growth of the data center services market; expectations regarding demand for, and market acceptance of, FRONTEO's services; FRONTEO's expectations regarding keeping and strengthening its relationships with customers; FRONTEO's plans to invest in research and development to enhance its solution and service offerings; and general economic and business conditions in the regions where FRONTEO provides solutions and services. Further information regarding these and other risks is included in FRONTEO's reports filed with, or furnished to the Securities and Exchange Commission. FRONTEO does not undertake any obligation to update any forward-looking statement, except as required under applicable law. All information provided in this press release and in the attachments is as of the date of this press release, and FRONTEO undertakes no duty to update such information, except as required under applicable law.
